WORK EXPERIENCE

Netsol

Intern July 2025 - Present

- **Developed and maintained web** using **C#, ASP.NET Core, SQL Server, and React JS**.
- **Collaborated in agile sprints**, participated in **code reviews**, and followed **SDLC best practices** to deliver high-quality solutions.
- **Assisted in database management, API integration, and debugging**, ensuring scalable and efficient application performance.
- **Gained hands-on experience in full stack development**, applying modern software development techniques and problem-solving skills.
- **Improved application performance by 15%** through code optimization and efficient database queries.

Intern August 2024 - September 2024

- **Developed and enhanced web application modules** using **C#, ASP.NET Core, and SQL Server**, ensuring responsive design, clean code, and high functionality.
- **Implemented RESTful APIs and integrated third-party services**, improving data exchange, system performance, and end-to-end application efficiency.
- **Collaborated with cross-functional teams in agile sprints**, participating in daily stand-ups, code reviews, and maintaining comprehensive project documentation.
- **Analyzed and optimized database queries and application logic**, increasing system performance, reducing response times, and supporting scalable application architecture.

PROJECTS

Daraz E-Commerce Web Application [🔗](#)

- **Developed a full-stack e-commerce platform** with **user authentication, product catalog, shopping cart, and secure checkout**, using **C#, ASP.NET Core, SQL Server, and React JS** for responsive web.
- **Optimized database queries, enhanced application performance, and improved user experience**, ensuring fast load times, seamless transactions, and scalable, maintainable code.
- **Tools & Technologies:** Visual Studio, Visual Studio Code, Git, GitHub, Postman, SQL Server Management Studio, Chrome DevTools

SKILLS

- **Languages & Frameworks:** C#, ASP.NET Core | SQL Server | HTML, CSS, React JS
- **Tools:** Visual Studio, Visual Studio Code, Git, GitHub, Postman, Jira
- **Cloud:** Basic knowledge of Microsoft Azure and AWS
- **Analysis Skills:** Requirement Analysis, Troubleshooting, Problem-Solving, Debugging
- **Gen AI Tools:** Effective utilization of AI tools such as Gemini, OpenAI for Domain Knowledge
- **Soft Skills:** Excellent Communication, Problem Solving, Stakeholder, Decision Making, Team Work

EDUCATION

Lahore Garrison University

Bachelor of Science in Information Technology

October 2021 - July 2025
